Partnership between Procurri and Ingram Micro to strengthen Global IT Asset Disposition capabilities

NEWS RELEASE

- Procurri to collaborate with Ingram Micro to expand on its global IT Asset Disposition (“ITAD”) reach, offering one-stop ITAD solutions for corporate clients across more than 80 countries.
- Ingram Micro is a trusted global enterprise ITAD partner, having grown its ITAD business from the US to the global markets over the past 18 years.

Singapore, 18 December 2019 – Procurri Corporation Limited (“Procurri” or “the Group”), a leading global independent provider of Lifecycle Services¹ and Data Centre Equipment², and Ingram Micro Commerce & Lifecycle Services, a leading ITAD services provider, jointly announced today that they have entered into a strategic relationship to offer a complete global ITAD solution. Leveraging the combined expertise and scale of both companies, Ingram Micro and Procurri’s ITAD solution increase service capabilities for all IT equipment within an organization’s infrastructure, from distributed assets to the data center.

This industry-leading solution enables Procurri and Ingram Micro to work together to offer IT Asset Disposition, Asset Recovery and Recycling services in over 80 countries, inclusive of 26 global ITAD processing facilities, to meet their global clients’ value recovery, compliance, security and environmental needs.

“Partnering with Procurri elevates our ITAD offerings in an ever-changing marketplace to provide a more comprehensive ITAD solution for our clients,” said Todd Zegers, Vice President of ITAD, Commerce & Lifecycle services for Ingram Micro. “We are excited to bring our organizations together and offer our clients additional expertise in enterprise data center disposition and remarketing.”

Commenting on the strategic relationship, **Mr Sean Murphy, Procurri’s Chairman and Global Chief Executive Officer** said, *“Looking to grow our ITAD capabilities in the global ITAD market, we are glad to enter into the relationship with Ingram Micro. We believe that our expertise in enterprise data centre disposition and remarketing will work well with Ingram Micro’s ITAD solutions to bring a fuller and wider array of ITAD services for corporate clients globally.”*

- End -

¹ Lifecycle Services refers to various services rendered during the lifecycle of IT hardware and equipment

² Data centre equipment refers to servers, storage and networking equipment
